

Adjustable Cervical Vertebra Strengthening Support Protector

可調式頸椎強化支撐護具

Model : HA-DN

Features:

- Adopting rigid porous polypropylene mechanism and padding design on the skin contact edge to improve air permeability and comfort
- The plastic splint enhances the support of the cervical spine, maintains the cervical spine in the correct position, and limits its excessive movement
- Height adjustable from 10-14cm
- Suitable for prolonged use of mobile phones or computers with your head down. The posture is incorrect, causing neck tightness, back pain, muscle strain, and shoulder, neck and hand pain.
- 採用硬性多孔聚丙烯機構，於皮膚接觸邊緣採用填充設計，可提高透氣性和舒適性
- 塑膠夾板增強了頸椎的支撐，維持頸椎在正確位置下，限制其過度動作
- 高度可調節從10-14cm
- 適用於長時間低頭用手機或使用電腦姿勢不正確，導致頸緊背痛、肌肉勞損，引起肩、頸及手的痛症
